|   |  |                    | A real page-turner mystery. An intriguing tale with an interesting plot merges with the fiction in notes<br>on what writers must do to write. The plot is simple but complex a book of over 625 pages that just<br>when you think it ends (mystery solved!) not so fast. There's new info to discuss. So what is the truth |
